- A process to notify visitors that non-compliance with visitor policies may result in discontinuation of visits when risk of harm due to non-compliance is high.
- Dedicated areas for both indoor and outdoor visits to support physical distancing between residents and visitors.
- Protocols to maintain the highest of IPAC standards prior to, during and after visits.
- A list of visitors available for relevant staff to access.
- Protocols for record keeping of visitations for contact tracing purposes to be kept for at least 30 days.

 <p>Scenario 1 Visitations</p>	<p>NOT IN OUTBREAK AND IN GREEN (PROTECT) OR YELLOW (PREVENT)</p>	<p>OUTBREAK</p>	<p>ORANGE (RESTRICT)</p>	<p>RED (CONTROL)</p>	<p>GREY (LOCKDOWN) OR SHUTDOWN/STAY-AT-HOME ORDER</p>	<p>Residents who are self-isolating under Droplet and Contact Precautions or are symptomatic with COVID-19 symptoms.</p>
<p>Allowing Essential Visitors</p> <p>An essential visitor is a person performing essential support services (eg. Food delivery, inspector, maintenance, or health care services (eg., phlebotomy) or a person visiting a very ill or palliative resident. In addition to a person visiting a very ill or palliative resident, there are two types of essential visitors:</p>	<p>Meets baseline requirements above.</p>	<p>Homes must adhere to the requirements in any applicable directives issued by the Chief Medical Officer of Health (CMOH) and directions from their local PHU. This may include direction to take additional measures to restrict access and duration of visits during an outbreak or when the PHU deems necessary under the COVID-19 response framework: keeping Ontario safe and open (Provincial Framework). Please note that persons visiting a very ill or palliative resident are allowed in the home under any level and do not constitute caregivers or support workers.</p>				
<p>1. Support Workers (Essential Visitor)</p> <p>An essential visitor who is brought into the home when there are gaps in services to perform essential services for the home or for a resident in the home.</p>	<p>Any number of support workers may visit a resident in a home.</p>	<p>Any number of support workers may visit a resident in a home.</p>	<p>Any number of support workers may visit a resident in a home.</p>	<p>Any number of support workers may visit a resident in a home.</p>	<p>Any number of support workers may visit a resident in a home.</p>	<p>Any number of support workers may visit a resident in a home.</p>
<p>2.
